## **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or render obvious the overall claimed method for making an opening in the intact wall of an aorta, comprising: providing a cutter and a piercing member positioned within the cutter; wherein the piercing member and the cutter are configured to translate together; advancing the cutter and the piercing member at a speed between substantially 0.8 meter per second and substantially 1.4 meters per second; and rotating the cutter, a method for making an incision in an removing tissue from a vessel wall, comprising: providing a cutter and a piercing member positioned within the cutter, movable between a pre-firing state and a post-firing state; imparting an impulse to the cutter and the piercing member when in the pre-firing state; and converting the impulse to rotary motion and to translational motion through a vessel wall..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 2850007, US 5018530.
